

Publisher Correction: Top 20 translational researchers of 2020

Brady Huggett and Kathryn Paisner

Correction to: *Nature Biotechnology* <https://doi.org/10.1038/s41587-021-01107-y>, published online 9 November 2021.

In the version of this article initially published, there was an error in Table 1. The entry for Aaron M. Ring of Yale University mistakenly listed Stanford as his current university.

The online version of the article has been updated.

Publisher Correction: Sickle cell gene therapies approach watershed

Cormac Sheridan

Correction to: *Nature Biotechnology* <https://doi.org/10.1038/s41587-021-01121-0>, published online 9 November 2021.

In the version of this News article initially published, a composition error in the first paragraph misstated the number of people who are affected by sickle cell disease globally. The figure has been amended to report that at least 4.4 million people are affected.

The online version of the article has been updated.

Publisher Correction: T_{reg} engineers take aim at autoimmunity

Elie Dolgin

Correction to: *Nature Biotechnology* <https://doi.org/10.1038/s41587-021-01115-y>, published online 9 November 2021.

This News article has been updated to reflect that AstraZeneca is pursuing a T_{reg} cell therapy research program, not CAR-T_{reg}, and that the company's validation experiments following a genome-wide screen looking for additional factors that can help ensure a consistent T_{reg} phenotype are at the planning stage, not ongoing, as the article states.

The online version of the article has been updated.
