

VIEW FROM MY WINDOW

Nikki Burrell from Wisbech writes: 'The view from our Georgian Crescent practice is gorgeous. Museum next door, castle opposite and lovely Georgian properties with people walking through to the market square. It has been used for several period

productions including the BBC's David Copperfield. With the large double sash windows, the room is a joy to work in. We are a referral practice with patients coming from all areas of Lincolnshire and they are always pleasantly surprised by the beauty in Wisbech.'

CAUSE FOR APPLAUSE
